

## **Student Portfolio**

Don Smith  
Marian Graham Collegiate Institute  
Saskatoon

The object of the student portfolio is to help students, especially grade nines, organize their daily notes, handout sheets and assignments. It can also be used at any other grade level.

It gives the teacher an opportunity to track students' work at various times throughout the semester, thereby giving feedback to the student and parent(s) as to how they are performing.

## **Math 9 Portfolio**

### **What is it?**

- It will be a collection of your daily notes, example questions, handout sheets and homework.

### **How will I put it together?**

- At the end of each unit you will organize all of you pages for that unit, including...
  - dating your pages
  - numbering your pages
  - making sure everything is in order.

### **When will I hand it in?**

- You will hand it in the day you write the unit quiz/exam.

### **What is this portfolio worth?**

- Each unit will be worth 10 marks. The entire portfolio will be worth 10% of your final mark. You will be marked on...
  - neatness (3 marks)
  - completeness (4 marks)
  - completed homework assignments (4 marks)

### **What if I hand it in late?**

- One mark per day will be deducted for lateness.

### **Will I get my portfolio back?**

- Yes, you can see your portfolio any time you want. You will get all units back in order to study for the final exam.
